

**Additional file 8 Figure S2 Heatmap of DE miRNAs during cold stress in the wild banana.** Red corresponds to up-expressed sRNAs; blue corresponds to down-expressed sRNAs. From red to blue corresponds to the numerical value of  $\log_{10}(\text{TPM}+1)$  from big to small. L0, L4, L13, and L28 corresponds to 0°C, 4°C, 13°C and 28°C library respectively.
