

# Composite 1

Interactive version  
open side bar and check  
layers

Uterine muscle layers

Arteries

Primary uterine lumen

Trophoblast array

Maternal haemorrhage

Purulent focus

Endometrial glands

Histological section

# Composite 2

Interactive version  
open side bar and check layers

Uterine muscle layers

Arteries

Congested sinusoids

Liquified decidua basalis

Uterine epithelium

Purulent focus

Trophoblast

Decidua capsularis

Histological section

# Composite 3

Interactive version  
open side bar and check layers

Uterine muscle layers

Arteries

Trophoblast with lacunae

Allantois mesoderm

Amnion

Yolk sac with Reichert membrane

Fibrinoid

Uterine epithelium

Histological section

# Composite 4

[Interactive version](#)

[open side bar and check layers](#)

Uterine muscle layers

Arteries

Lacunar trophoblast

Allantois mesoderm

Yolk sac

Amnion

Decidua capsularis

Fibrinoid

Uterine epithelium

Histological section

[Interactive version](#)

[open side bar and check layers](#)

# Composite 5

Interactive version  
open side bar and check layers

Maternal arteries

Lacunar trophoblast

Allantois mesoderm

Yolk sac

Clotting maternal blood

Uterine epithelium

Amnion

Histological section

# Composite 6

[Interactive version](#)

[open side bar and check layers](#)

Uterine muscle layers

Arteries

Placental trophoblast

Trophoblast shell

Lacunae of trophoblast

Reichert membrane

Fibrinoid

Decidua capsularis

Uterine epithelium

Histological section

# Day 6 normal embryo

Interactive version  
open side bar and check layers

Ectoplacental cone

Maternal blood

Decidua

200 pixel

Trophoblast

Ectoderm

Entoderm

Giant cell

# Day 9 normal embryo
