

Additional file 3 Model for aggressiveness of treatment during admission to ICU

<i>Points assigned</i>	<i>Treatment modality</i>
1	Mechanical ventilation and/or non-mechanical ventilation treatment
1	Inotropic and/or vasopressor treatment
1	Dialysis treatment

Points assigned for each treatment modality. Example: Mechanical ventilation (1), non-mechanical ventilation (0), and dialysis (1) = total score (2)

Points grouped as 0-2 points: Partial organ support treatment and 3 points: Full organ support treatment.
